Project Name:	Lake Grady Dam and Spillway Rehabilitation Project
Permit No.:	43001170.001
Compliance No.:	64679
Sec/Twp/Rge:	26/30S/20E

Dear Mr. Develder:

The request to transfer the above referenced permit to the operation phase has been approved. District staff has reviewed the as-built drawings, inspected the project, and determined the surface water management system in compliance at the time of our inspection. The District reserves the right to inspect the project in the future to ensure continued compliance with state law and District rules.

As outlined in Subsection 40D-4.351(1)(a), "A Permittee shall notify the District within 30 days of any sale, conveyance or any other transfer for a permitted surface water management system or the real property at which the system is located." For your convenience, we have enclosed a "Notification and Request for Transfer of Environmental Resource Permit" form to submit for transferring the permit.

If you have questions, please contact Ramzi S. Chehaib, P.E., at extension 2018 in the Tampa Service Office.

Sincerely,

Alba E. Más, P.E.
